To Balance due to R Carter 5,, 1,, 10

Honoured Sir

The above is the State of your Account which I hope you will find right, the Balance due to me is Five Pounds one Shilling and Tenpence, I was in hopes by this time I shou'd have been able to inform you that I had paid for my House, and have had every particular settled, but it is now found necessary that it must go into Chancery to confirm the Title and very possible it will be next November before it is finished. Mrs. Carter unites with me in Duty to you and Aunt with our kind Love to Cousins wishing you all Health and Happiness hoping our little Cousins improve apace, and That you all have had a good share of Health during the Winter, Mrs. Carter has been laying in a stock of Health, for this month past, so that I hope she will be able to go thro' the month of May with ease, I suppose you have had a Variety of information on account of their Majestys going to St. Pauls, the sight was beautiful, I am

one of the Committee who had the management of near five thousand Charity Children for the day, then form to your self their being placed on seats one above another so that they might all be seen at one view, their Majestys with their attendants and the Great Men of the Nation, looking on those poor Children, snatched from the brink of destruction by the bounteous hand of a generous Public, whence they are Educated, Cloathed and several of them wholly maintained, I was near their Majestys and saw the Sympathizing Tear fill their Eyes at such a sight, which this or any other Nation never before produced, fortunately no accident took place, every one was pleased to behold their King whom God was pleased to restore to his People, just in time to save the Nation from Ruin, and Last Friday to cmpleat the whole we had a general Illumination, which by far exceeded any that was ever seen, a variety of emblematical Transparencies alluding to divine providence for the recovery of his Majesty was exhibited, with Lamps &c in various forms out of Number, and the general Joy was such that out of the many ten thousands that paraded the Streets, no Riots took place nor have I heard of any accident, the general mottos on the occasion were, God save the King, Long live the King, May the King live for ever, but I shall tire you, only one word more, I have looked narrowly in to a number of News Papers and have seen Addresses to his Majesty from almost all the Boroughs and Corporations in Yorkshire, but none from Richmond, I was hurt a little, but possibly I have overlooked it, Mr. Maxfield has recovered his Health, all Friends are well, we have an unkindly Spring, the prices of every thing is high, Hay 6½d p Stone, meat 6d and 7d p lb. Pleaseour Duty to Father and Love to the Family if you see them, and Our best Respects to all enquiring Friends.

I hope you will receive them safe and meet with your approbation, the Box including a Brace of Hares &c came safe to hand, they were very fine, Mrs. Carter unites with me in kind Love to you and Mrs. Chaytor and thank you very kindly for them, on my receiving your Letter, I wrote two lines to Mr. Maxfield desiring him to call on me the first time he came my way and I wou'd pay him the 13s/6d on your acct. but I have not seen him yet, the Town has been curiously entertain'd with Mrs. Lees excursion into the Country, and the charms attending it, she might have sav'd the Gordons a great deal of trouble had she thrown the Steel Chain and Camphor Bag into the Fire when her maid gave her the Glass of Water, and made up her mind to stay at Home – Report says we may expect the French soon, I hope your Volunteers are in a forward state of Exercise, that not only they but the rest of the Volunteers will convince Mrs. Windham that they will not only meet the French but give a good account of them, if they do come – Please to give our Love to Mrs. and Miss Carter when you see them, as likewise kind Compts. to all your good Family [tear] can assure you, we have had a trimming Cold Week, as the Wind is North I suppose your Hills is all cover'd with Snow, Our best wishes attend you all,

Dear Cousin

I receivd yours of the 23d Decr., and it gives me pleasure to hear you have so superior a Value of property on your side about the Inclosure of Tunstall Common, and that there is every reason to believe that you will carry your point, and it still gives me greater pleasure to hope you will succeed in the purchase of an Estate to lay out the remaining part of the money to fulfill the directions of the Will, I am sorry to see Thompson So obstinate, and I am likewise sorry that my unnecessary alarm of being drawn into a suit in Chancery shou'd have given you any uneasiness, but having seen so much of that Business, it is enough to alarm any Person that wishes to do right, Messrs. Spode & Cos. Clerk of Portugal Street call'd on me the first inst. With your Letter dated 27th Decr. Last, desiring me to pay their Bill for China &c Sum £9.. 19s.. 6d which Sum I have paid, We are very happy to hear you are all well, Mrs. Carter unites with me in kind love to you Mrs. Chaytor and my Godson, as likewise to Mrs. and Miss Carter when you see them and we wish you may all see a Succession of many New years in health and Happiness, Mrs. Carter has had a bad Cold but is now better, as to myself I am but so, so, best by the Fire Side

Dear Madam

Having been recently inform'd that Land Tax purchas'd, cannot be considerd as a real Estate, and tho' we purchas'd the Land Tax on the Old Estate at Tunstall in Trust with an intention for the younger Children, as it is not deem'd a real Estate, it will not fulfill the Intention of the Will, - The money paid for the Estate purchas'd was 3250£ without the expenses incurred there on, so that there remains 1750£ still to be laid out, and the Land Tax purchas'd in Trust will be at the Disposal of Miss Carter and Mr Chaytor, you will be so obliging as mention this to them, as its being my opinion, and to have their concurrence in the measure, and then mention it to our Brother Executors, if you can fortunately meet with the purchase about Tunstall it will be very Desirable

Mrs. Carter unites with me in kind Love to you hoping you enjoy good Health as Mrs. Carter does, I cannot say so much for myself, being much confin'd, I wait for warm weather, I shall write to Mr. Chaytor as the Dividends will be paid in a few weeks and have your opinions, please to make our kind Love to Ann and Mr. and Mrs. Chaytor and my Little Godson hoping they all continue to enjoy Health

The above is the state of your account which I hope you will find right and I shall thank you to say if it is so when you write, I shou'd have wrote to you sooner but the Clerks at the Income Office have made some overcharges both on you and Miss Carter I have been four times about it, and not yet settled, Mrs. Carter unites with me in kind Love to you your good Lady and my little Godson, tell him it gives me great pleasure to hear so good an account of him, in consequence I have sent him a small Present as a token of my Friendship, you may expect it in the course of next week, being in a large Box it comes by the Waggon, carriage paid, which set out from Town last Tuesday, which I hope you will receive safe, last Saturday your Brother call'd on us and brought your Letter. I was very glad to see him look so well, from him we learn you all enjoy good Health, as Mrs. Carter does, If I cou'd confine the Wind in the West I shou'd have little or few complaints, the Easterly Wind is my greatest enemy, I am happy to hear you are in expectation to have everything settled to your satisfaction, I know these proceedings are very slow, it will give me great pleasure to hear you can succeed in purchasing an Estate about Tunstall, as soo as I learn'd that the Land Tax we purchas'd on the old Estate wou'd not answer as a real Estate to the younger branches of the Family, I mention'd it to Mrs. Carter, so that having laid out 3250£ there remains 1750£ to be laid out, I have not included the expenses in those sums, there is sufficient Stock to supply the above sum, I have long been of an opinion that to be an Executor a Person ought to be brought up to the Law, and Government has Clogg'd Executorships in such a manner that a private Person cannot move without a Solicitor at his Elbow, I am commission'd by Mrs. Carter to say she puts in her claim to stand Godmntner for the expected little stranger she says it will be a Girl, she may be mistaken, is what I say, Time will determin, The public expected the Lords determination [*torn*] Lord Melville yesterday, but are disaapointed [*torn*] the time uncertain when it will take place, I am glad the Apricot Trees have took Root, next year I hope they will produce Fruit, Our best wishes with kind Love attend you all, and remain Dear Cousin yours

Dear Cousin

I receiv'd yours of the 28th ult. And am sorry for the mistake, on waiting on Messrs. Dawson & Co. to have it rectified either by transferring it into your name or repaying me the £26 12s on my returning them the Receipt, they answer'd they were sorry for the mistake but it cou'd not be alter'd by any other method in their Books than by two or three lines from your Father in his next Letter to them, desiring that they wou'd Transfer into your name the £26. 12.. which they wou'd very readily do on receiving it, they said they had no regular Acct. with you, only an occasionally one, I am sorry you do not get forward with the inclosure of Tunstall Common with briskness, I was in hopes the division had nearly been compleated, I see you do not wish I shou'd menton any thing about it to Mrs. Carter but you must recollect Executrix and Exors must communicate, Mrs. Carter unites with me in kind Love to you all and are happy to hear you in enjoy good health and that your dear Little Pledges are in such a thriving State, I am thank God happy to say we are much better than we have been for time past at this time of the Year, which is very mild. Dear Cousin

Yours of the 19th inst. I receiv'd, am sorry for the mistake about Hebdon's Rent. on Ann's calling on me I enquir'd of her, if she or her Mother had receiv'd the Rent, she said they had not, of course, as his term was near expiring, I wrote to my Brother about it, she likewise inform'd me, that she was to receive your Dividend £26..12s..0d, of me, as she had to pay Mr. Hillhouse a Bill on your account, in consequence I paid her, since which, after I had receiv'd your Letter, I stated to her the mistake, and she has paid me Mr. Hebdon's Rent, I am sorry it is so difficult to meet with a small Estate on the Trust Account, the Cash we have to lay out is seventeen hundred and fifty

Pounds, as the Redemption of the Land Tax on the two Estates must be call'd Personal, which you and Miss Carter enjoy already, we are much oblig'd to you for your kind intention to send us a Salmon but the weather being now warm, I am doubtful if it will come sweet, we are happy to hear the sweet little fellows are so well, I have sent my Godson a small Remembrance by Ann, which I hope will be a pleasure to him, Mrs. Carter with pleasure relinquish'd the Godmothership, in favor of the Grandmother who certainly had a prior claim, and will stand for the next if not engag'd, Mrs. Carter unites with me in kind Love to you, Mrs. Chaytor and the sweet little Boys, are happy to hear you enjoy good health, as does Mrs. Carter, I am but so, so, Our best wishes attend you, and Remain Dear Cousin yours very Sincerely

Dear Madam

I have to beg your Pardon for not sending the inclosed additional account to that you have already receiv'd, sooner long ago I made it out and how it slipt my memory not to send it I now cannot say, but the old saying is, better late than never, I beg your Pardon for repeating, I am extreemly sorry that we cannot make the purchase of Land we want, I will just beg leave to point out what might take place from delay, my life is very uncertain and if it shou'd be snatched away tomorrow, your difficulties wou'd there begin, either you or Mr. Wm. Carter must come to receive the Dividends, or Mr. Rich'd. Outhwaite must join you in a Letter of Attny. To a Person to receive them for you, Mr. R Outhwaite wou'd then find himself of consequence, but it wou'd not rest there, if it shou'd please God to take us three, he then wou'd become Sole Executor, and from what has past relating his conduct; I shou'd be sorry such a Trust shou'd be reposed in him, for tho' he might be at a loss to take advantage of his power, some Person more knowing than himself might give him such advice, so that the whole Stock might be sold the money spent, and what wou'd your Daughters and the younger Branches of the Family say on the occasion, such things happen in Town every year, and I hold it my Duty to represent to you that such exertions my take place to prevent the possibility , I know you will be displeased at this representation, but I have done my Duty, I hope you ad all the Family enjoy good Health, we had severe cold weather, and it has affected me much, My kind Love and best wishes wait on you all
